YOUR KIDS PLACE

Your Kids' Place provides childcare for students aged 5 to 14. We provide childcare on school holidays, non-contact days, fall, winter, and spring breaks. Your Kids' Place provides a fun, safe, creative and active environment for your kids to play and learn. Our program includes experienced, highly skilled staff, reading/quiet time, help with homework, and a wide variety of structured activities in addition to free play time. We help every child succeed in growing mentally, physically and emotionally, so that they can become valued, contributing members of their communities. We teach and reinforce the practices of responsibility, respect, courtesy, and self-esteem.
